*The family weekend schedule is intentionally created to be simple and uncluttered. We believe the most important aspect of the weekend itself is that you are with one another as a family. We hope to offering only a couple things. Good Catholic prayer & good Catholic fun in the outdoors. Since we do not budget food, we do not offer meals per say, but believe that when families come they can often share meals together and share with others. (OYO stands for One Your Own). Don't bring anything! Just bring yourselves. Simple. Simple Simple! Families are welcome to come on Friday evening. Outdoors is the preferred method of accommodations...tent, pop-up, beek under the stars if thats all you want. In special cases, we can offer a room or two but emphasize the outdoors expedition part of it! Allow yourself simple expectations, allow yourselves to be surprised and don't bring the clutter of post-modernism with you. Abandonment to God is important even for family. Simple. If you are going to participate in any afternoon water activities or ropes course activities, make sure to fill out appropriate waivers and send them in.*
